	193	Non-profit organisations serving households	-

The following aggregation scheme which results in nine categories was followed based on Table A2:

- a. Non-financial corporate unsecured lending: Items 168 + 183 + 190
- b. Household unsecured lending: Items 169 + 185 + 192
- c. Total unsecured lending: Non-financial corporate unsecured lending + Household unsecured lending
- d. Commercial mortgages to corporates and households: Items 152+153+156+163+164
- e. Residential mortgages to household: Item 157
- f. Total mortgage lending: Commercial mortgages to corporates and households + Residential mortgages to household
- g. Leasing and instalments to corporates: Items 142 + 147
- h. Leasing and instalments to households: Items 143 + 148
- i. Total leasing and instalments: Leasing and instalments to corporates + Leasing and instalments to households

A.3 Bank lending rates weighting scheme (check)

The loans quantities from the BA900s are then linked to the lending rate data from the BA930s using table to create nine lending rate categories the schema on Table A3. The weights for each category are then calculated by dividing the total value of the loans in each category by the total value of all loans in the BA900s. The weights are then used to calculate the weighted average lending rate for each month. The weighted average lending rate is calculated by multiplying the lending rate for each category by the weight for that category and then summing the results.

Table A3: Weighting schema

Sector	BA 930 Categories	Item Number	Weighting Key
Corporate sector	Overdraft rate	48	a and c
	Instalment sale agreements flexible rate	49	g and i
	Instalment sale fixed rate	50	-
	Leasing transactions flexible rate	51	g and i
	Leasing transactions fixed rate	52	-
	Mortgage advances flexible rate	53	d and f
	Mortgage advances fixed rate	54	-
	Credit card rate	55	a and c
	Other	56	a and c
Household sector	Overdraft rate	58	b and c
	Instalment sale agreements flexible rate	59	h and i
	Instalment sale fixed rate	60	-
	Leasing transactions flexible rate	61	h and i
	Leasing transactions fixed rate	62	-
	Mortgage advances flexible rate	63	e and f
	Mortgage advances fixed rate	64	-
	Credit card rate	65	b and c
	Other	66	b and c

The nine categories, therefore, are as follows:

- a. Non-financial corporate unsecured lending: Weighted average of items 55 + 48 + 56
- b. Household unsecured lending: Weighted average of items 65 + 58 + 66
- c. Total unsecured lending: Weighted average of items 55 + 48 + 56 + 65 + 58 + 66
- d. Commercial mortgages to corporates and households: Weighted average of items 53
- e. Residential mortgages to household: Item 63
- f. Total mortgage lending: Weighted average of items 53 + 63

- g. Leasing and instalments to corporates: Weighted average of items $49\,+\,51$
- h. Leasing and instalments to households: Weighted average of items $59\,+\,61$
- i. Total leasing and instalments: Weighted average of items $49\,+\,51\,+\,59\,+\,61$
